Addendum No. 1

This document is an amendment to the original Request for Proposals and shall be a part of and included in the final contract award. Wherein this Addendum conflicts with the original Request for Proposals, this Addendum shall govern.

RFP – Shade Canopies – Noble Park

1. What size canopies and style of shade are you wanting to put at both locations?
 - a) The existing canopy structure located at the Noble Park Pool is 20' x 35'. We'd like to replace the one structure with several smaller 12' x 12' cantilever style shade structures or single post structures to spread shade out around the pool deck.
 - b) The tennis bleacher pads are 10' x 25'. Double post hanging cantilever style in this location is preferred.
